WINTER 2009-2010

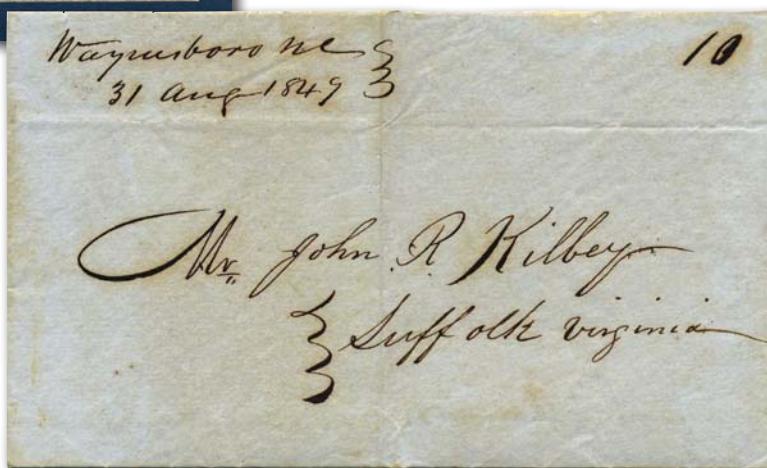

WHOLE 109

AMERICAN STAMPLESS COVER CATALOG VOLUME I

New North Carolina section
for the American Stampless
Cover Catalog (handstamp
and manuscript markings)

Waynesborough - a post
office from 1794 to 1853

PRESIDENT'S MESSAGE

I am writing this message early in the holiday season, but it will be over by the time you read it. I hope that your holidays with family and friends were enjoyable. I would like to extend to each of you my best wishes that the New Year 2010 will be a healthy and joyful one for you.

The North Carolina Collection, University of North Carolina at Chapel Hill, has made a very interesting addition to their web site. It is titled, "North Carolina Postcards." The North Carolina Collection Photographic Archives holds more than 12,000 North Carolina postcards contained primarily in two collections: the North Carolina Postcard Collection and the recently-acquired Durwood Barbour Collection of North Carolina Postcards. The project now available on-line contains a selection of materials from both collections. The site allows searching by location or by subject. Detailed descriptions of each post card are provided including excellent images of the cards and the ability to magnify the selections to examine for details. The site may be viewed at www.lib.unc.edu/dc/nc_post/index.php?CISOROOT=/nc_post.

The status box of the North Carolina Postmark Catalog update (page 16) shows many more changes. Davie and Duplin Counties have been completed. Large updates are continually being made to "completed" counties as information is received from the the Postmark Collectors Club (PMCC) Museum. In some cases, counties have been completed revised with all new pages. The dates in parenthesis after the names of the counties in the on-line listing will tell you the most recent file posted. I have recently become aware of another significant collection at the PMCC Museum, one of full covers, not just 2 x 4 cutouts from covers. The North Carolina section of this collection has

IN THIS ISSUE

Previous Mystery Cover	13
Waynesborough – From Bustling Port City to Garbage Dump by Tony L. Crumbley	14
Mystery Cover	15

over 7,200 covers, which I had not seen on earlier trips to the museum. Each of the full covers is being scanned for our use by Bob Milligan of the PMCC, for which we can be very grateful. This collection is very strong in covers from the past 20 years and complements the two other major collections at the PMCC. Our catalog update is really growing. To date I have created almost 1,650 catalog pages and illustrated about 6,200 markings not previously documented, with less than a third of the North Carolina counties done!

Please remember to pay your dues for the New Year, if you have not already done so. The dues remain at \$15 for the year. Make your payments to Bill DiPaolo, our Secretary-Treasurer, whose mailing address appears below. Our society continues to enjoy good health thanks to the generosity of our members, who contribute their time and money, for which we are most grateful. Donations above the regular membership amount of \$15 are deductible and will be very helpful to our small society.

As always, I welcome your comments and suggestions for improving the society. Please feel free to call me at home (336 545-0175), send me an email message at or write to me. My mailing address also appears below.

American Stampless Cover Catalog - Update

by Richard F. Winter

Tony Crumbley and I have spent the past summer assembling data for the North Carolina input to the new *American Stampless Cover Catalog (ASCC)*, which will be published by the U.S. Philatelic Classics Society. A date of publication has not been determined since an enormous amount of information has to be collected, but it will be in the next few years. The new catalog will combine most of the information in the previously published three-volume set into one volume. The Confederate section will not be included as that will be in the new catalog being prepared by the Confederate Stamp Alliance. In this issue of the *Postal Historian* we present our work so that our members can review the information and provide new listings from their collections or additions to listed information before we submit it to the *ASCC* editor.

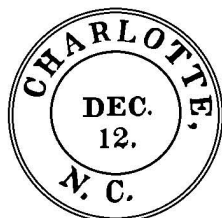

The data is presented in two sections, one listing handstamp postmarks and the other, manuscript postmarks. The format used for the handstamp postmarks is similar to that used in the previous *ASCC*, showing exact wording of the postmark followed by the years of use, the size in millimeters, the color, and other handstamp markings used with the postmark. Counties are listed only if the handstamp postmark appears in more than one county (the post office did not move, only the county line). The number of new handstamp postmarks has increased only by a few numbers because the original work of Vernon Stroupe was so thorough. There are 248 handstamp postmarks listed. The manuscript listing shows the counties in parenthesis and the years of use recorded. The manuscript listing has increased from 459 to 806 listings, a substantial improvement.

Remember, each of the listings in both sections is for use on **stampless covers only**. A single asterisk after the entry indicates that five or less examples have been recorded. A double asterisk indicates that only one example has been recorded. Prices are not listed but will be included in the final submission. Since most North Carolina stampless covers are scarce, it is not surprising that so many have asterisks after them.

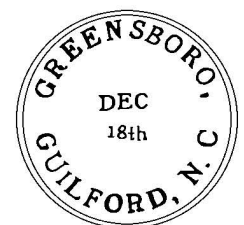

Abbreviations used in the listings are:

Arc ---- arc shaped	Irreg ---- irregular circle or oval
Box ---- boxed with squared corners	(L) ---- latest known date
BS ---- boxed with non-square corners	MD ---- month date only
C ---- single line circular marking	MDD ---- month and day date
CD ---- circle date ("Bishop Mark" or "Franklin Mark")	Ms ---- manuscript
DC ---- double circle with words between circles	ms D ---- manuscript date
DLC ---- double line circle	NOR ---- no outer rim
DLDC ---- double outer line with double circle	O ---- single line oval marking
DLDO ---- double outer line with double oval	Oct ---- octagonal
DLO ---- double outer line oval	Ofr ---- odd shaped frame
DO ---- double oval with words between ovals	Pmk ---- postmark or townmark
(E) ---- earliest known date	SC ---- scroll or ornamental outline
F ---- fancy	SL ---- straight line
FC ---- folded cover (no message or message leaf)	YMDD ---- year, month and day date
FL ---- folded cover with message or folded letter	

If you have any markings new to this listing or additional information about listed markings, please contact either Tony or myself. We wish to have the new information in either a color photocopy or digital scan at 100 percent and 300 dpi.

SMITHFIELD N.C.
MAY. 24.

NORTH CAROLINA

* Five or fewer examples in records

** One example recorded

One of the thirteen original colonies.

POPULATION

1790 – 394,000	1830 – 738,000
1800 – 478,000	1840 – 753,000

Previous Mystery Cover

The Viewmont post office on this modern postal card doesn't seem to be in *Post Offices and Postmasters of North Carolina*. Can you help locate this office?

Correct answers to the mystery cover came from Scott Steward, Greg Ciesielski, and Scott Troutman. Today this office is a contract station (ZIP 28601) of Hickory (Catawba County). In the late 1950s it was a branch office of Hickory and by the late 1990s, a station of Hickory. Today it is a contract station. Many branch and station handstamps don't have the wording "BR." or "STA." in them, leaving the location of the office a challenge to locate.

Waynesborough – From Bustling Port City to Garbage Dump

by Tony L. Crumbley

In 1783, three acres of land was purchased on the banks of the Neuse River for a new town in Dobbs County. The area was incorporated in 1787 and took the name from General Anthony Wayne, a trusted soldier for George Washington. General Wayne was known as “Mad Anthony Wayne” for his courage and valor. In 1779, Wayne County was carved out of Dobbs County and Waynesborough was named the county seat. By 1833 the maps of North Carolina showed the name shortened to Waynesboro.

The community had a population of 150 at the time of its incorporation. With its location between the colonial state capital of New

of the community. By 1865, only five buildings remained in the community. In that year, General Sherman’s troops marched through the area and burnt these to the ground. The area set in ruins for decades. In 1960, the City of Goldsboro constructed a landfill on the site of the Town of Waynesborough. Efforts were begun in 1970 to create a historic park on the old town site. In 1986, Waynesborough was added to the state’s parks system. To date, a dozen structures have been moved to the site

10¢ rate cover to Newbern, NC.

Bern and the growing city of Raleigh, Waynesborough flourished. The city became a hotbed of commerce and transportation.

In 1839, things changed. The Wilmington and Weldon Railroad was built a mile and a half from Waynesborough and a new town, Goldsboro, sprung up around the track. Shortly, residents and businesses began to move from Waynesborough to Goldsboro. Within ten years, little was left

from other Wayne County locations. These include schools, churches and offices. None, however, date from the old Waynesborough community.

The postal operations began in Waynesborough in July 1794 when James Rhodes was appointed first postmaster. Between then and 1804 he would be appointed three times as postmaster, being replaced each time with a postmaster that

would last only a short time. After ten postmaster appointments in 1815, Richard Washington was appointed and served as postmaster until 1853 when the post office was discontinued. Most of the surviving postal history from this community is from his era. ■

Send your answer to Tony Crumbley
or Dick Winter.

NCPHS Web Site help needed

We are **still** looking for someone who is capable of setting up a web site and would be able to maintain the site as webmaster. Our desire is to create a simple but attractive site for the North Carolina Postal History Society and organize it so it is capable of growth. Contact Tony Crumbley or Dick Winter if you can help us with this project.
